

## **Homework**

Regular homework of an amount suitable to the level of development of the child will be set. Homework will consist of material familiar to the pupil and should be such that the pupil is capable of undertaking this work alone. Along with routine written exercises, memory exercises will regularly be part of the homework; spellings, tables, poetry, etc.

Parents are expected to take an active interest in homework and are expected to check and sign it each night. Persistent failure on the part of a pupil to satisfactorily complete homework will be reported to parents and to the /school Principal.

Teachers will ensure that all set homework is checked in school as soon as is possible. Teachers expect a note of explanation from parents if homework is not done. As a general guideline pupils from infants to 2nd class should be able to complete their homework in 30 mins. Pupils from 3 to 6th should complete it in one hour.

If a child finds it difficult to stay within these guidelines please speak to the class teacher.
